Folio No:22, where we can see end of the colophon with the title, **Shabda Mani Darpana**. And this is the end of Shabdartha Nirnaya (9th chapter).

[illegible]

Handwritten text in Devanagari script on a palm leaf manuscript. The text is densely packed and spans the entire length of the leaf. It appears to be a continuous passage, possibly a chapter or a section of a larger work. The script is clear and legible, though some characters may be difficult to decipher due to the age and wear of the leaf. The text is written in a single column, with some variations in line length and spacing. There are some small gaps and irregularities in the text, which are typical of palm leaf manuscripts. The overall appearance is that of a well-preserved but aged historical document.

Handwritten text in Devanagari script on a palm leaf manuscript. The text is arranged in approximately 15 horizontal lines across the length of the leaf. The script is a traditional form of Devanagari, with some characters appearing in a slightly older or regional style. There are two distinct circular holes visible on the leaf, one near the left edge and one near the right edge, which were traditionally used for threading a cord to bind multiple leaves together into a book format. The ink is dark, and the leaf itself has a brownish, aged appearance with some minor surface wear and discoloration.

[The image shows a single page from an ancient manuscript, likely written in Sanskrit or a related South Asian script. The text is densely packed in horizontal lines across the entire page. There are two prominent circular holes, one near the center-left and another towards the right edge, which were traditionally used for binding multiple pages together with cords. The paper appears aged and slightly discolored.]
